

Michelle (Molly) McNeill,

May 11, 1968 – July 3, 2013

With very heavy hearts we announce the passing of our beautiful Michelle. She died suddenly while climbing in the mountains that she loved so much.

Michelle approached life as an adventure, delighting everyone she met. She treasured moments with friends, blue skies and sunshine. Michelle taught us how to love, to be positive and to live life to the fullest. She would ask that you choose your steps carefully.

Michelle will live in our hearts and be forever cherished by her mother and best friend Mary-Jane Gray; her brother Cory; nephew Brent, niece Kiera as well as numerous family and friends including her friends within the mountaineering community.
